

A Message from the Governor

The Surface Transportation Program for fiscal year 2013 is on track for providing needed highway improvements to protect our public and to preserve our pavements. Over the past two years, Nebraska had the lowest traffic fatality rates on record.

We have been recognized as a state that is ranked in the top few for highway performance and cost-effectiveness. Clearly, a safe and quality surface transportation system continues to be a priority for Nebraska.

Director Monty Fredrickson has been a great asset to the Department of Roads and to Nebraskans throughout the state. I wish him the best of luck in his retirement.

A handwritten signature in black ink that reads "Dave Heineman". The signature is written in a cursive, flowing style with a large initial "D" and "H".
